of crops raised the past season, and an es-

enclosed letter.

To the Honorable Commissioner
of Indian Affairs
Washington D.C.

Dear Sir,
I have the honor to acknowledge the receipt of your letter of the 27th inst. in relation to the number of males above 15 years of age to be 170 the number of females over 14 years of age to be 268 number of school children between the ages of 4 & 16 to be 182 the number of school houses at the agency is but 1 with an enrollment of 91 scholars and a surplus of but one room for the purpose of 800 per month. The school is a small one and the children are not so numerous as they were some time since in & near the same place they have the advantage of our Public Schools. This roll shows a good many names of individuals that have never participated in any of the distributions that I have made. They being applicants for enrollment since the appropriations have been expended.

I am, very Respectfully

your obedient servant

CENSUS of the Paute Indians of Bishop Agency,
on June 30th, 1919, taken by Ray R Parrett, Superintendent
(Name.) (Official title.)

Bishop Census.
1919.

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN SERVICE

Bishop, California. July 18.1919.

Commissioner of Indian Affairs,
Washington, D.C.

Dear Sir:-

I enclose herewith, the Census of the Paiute
Indians of Bishop Agency, as of June 30.1919.

It will be noted that the total of the Census
this year is 1518, whereas last year it was 1588.

This difference is accounted for as follows:
There were 39 deaths during the
year, as against 12 births. Also 43 names were
found to be duplicated in last year's Census.
This fact was due to Indians living in remote
parts of this jurisdiction, some of whom have
two different names, while the names of others
had been changed by marriage but were carried
under their maiden name as well as their name
by marriage.

Owing to the widely scattered Indian
settlements under this jurisdiction, every avail-
able effort and opportunity is taken to make the
Census correct.

Very truly yours.

Ray P. Barrett,
Superintendent.

Cir.No. 1604. DEPARTMENT OF THE INTERIOR
Annual Report UNITED STATES INDIAN SERVICE
& Census.

Bishop, California. July.17.1920.

Commissioner of Indian Affairs,
Washington, D.C.

Dear Sir:-

There are transmitted herewith, the Statistical Section in duplicate, and the Original form of the Census of the Paiute Indians, Bishop Jurisdiction, Bishop, California., as of June 30.1920.

The following explanation is made, regarding the Census:

Those Indians who have died during the past year, or at any other time in the past, and have not been taken from the Census, are so indicated on this Census, with proper notation made thereof. Such Indians are not given a present number, the last number only, being given.

It will be noted also, that some Indians are dropped from the roll, with the notation given "Cannot Locate",. Such notation is explained as follows:

This jurisdiction covering a large area of territory, and consisting of scattered bands; it is found that certain Indians have been carried on the roll, during past years, who have moved from their former location to other parts of the State, or into other States, consequently their present location is unknown. As information is obtained regarding such cases, they will be added in the future, with proper notation made thereof.

It will be noted that certain names, aside from those born during the past year, have been added to the Census, with the notation, "New Entry". This is explained as follows:

During the past year, I have made a personal effort and investigation to correct the Census of this Jurisdiction, and in travelling about in the out-lying points of the Jurisdiction, I have found certain Indians, who have not been included on the Census, but who properly should be. All such names have been added to this year's Census, and I hereby certify that all corrections made are correct.

Very truly yours,

Ray R. Barrett
Superintendent.

Correction as to numbering on Census; - Numbers 256, 866, 1123, 1157-8, 1223, 1327-36, & 1486
 were not used, were left out, making 17 to be subtracted from 1515 equals 1498.
 Then, numbers 1173, 1205-6, & 1448 were used twice, duplicated, hence 4 to be added to 1498.
 1515 minus 17 plus 4 equals 1502. TOTAL OF ALL INDIANS UNDER THIS JURISDICTION 1502.
